

Dear Sir or Madam, I've been an XM Radio Subscriber for the past year. I enjoy their vast choices of programming and it has changed my life allowing me to listen to the Blues 24 Hours a day, 7 days a week. Commercial and public radio only offers such programming in my market about 6 hours a week. It's getting so every station sounds alike nationwide and XM Radio provides a much needed service that would be vastly missed.

I urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I enjoy and need. You can virtually ask your guests what type of music they enjoy, click one button, and everybody is Happy. During these trying times, music provides a comfort and enjoyment you can't find elsewhere.

Thank You for considering my comments,
David Rowe
